

*The Spiritual Significance Of Music*

# THE GREAT KAT

The Great Kat's "*spiritual significance of music*" is to wake you up, kick in your lethargic brain, energize your lazy butts, geniusize your pathetic pea-brains, and force you into the future with powerful, amazing, and brilliant music. This is the whole point of music! The Great Kat's "*Shred/Classical*" music takes the masters: Beethoven, Wagner, Paganini, Bach, and Vivaldi, and brings them to everyone in an updated form! Go to The Great Kat Website to experience Shred/Classical for yourselves at: [www.greatkat.com](http://www.greatkat.com)
